

The VirtualPro Suite

Boosting your interactions ... around those little distractions!

Introducing VirtualPro and VirtualPro Lite... just when you need it!

The importance of staying connected, sharing key messages and engaging with your people, no matter where they are, has never been greater. So, how do you make sure that connection is impactful? Whether it's for a meeting or an event, a seamless technology solution is the answer, and that's where we come in...

As lockdowns and social distancing put the brakes on face-to-face connections, our teams did what they always do when faced with a challenge: they rolled up their sleeves, put their thinking caps on and got to work. The outcome? Our fantastic meeting and event technology platforms, VirtualPro and VirtualPro Lite.

Sparked by the value of staying connected, virtual meeting and event solutions have advanced at lightening speed to share key messages, bring people together, and engage with them wherever they are.

Our team of virtual event experts design and build each platform inhouse based on your specific requirements and work with you to offer a solution for the complete delegate journey. From planning, delegate registration, pre-event engagement, content and pre-recording, right through to personalised app development, full production and support on the day.

By using VirtualPro and VirtualPro Lite, you can mix live event capabilities into virtual meetings seamlessly, just as if it were a live event – bringing the experience to life, as well as boosting real-time interaction and engagement.

Our VirtualPro suite offers a full range of interactive features with a modular costing solution that enables you to have a completely customised experience rather than a one-size-fits-all approach.

In a period of crisis and lock down this virtual team build was a truly fantastic way to bring our employees together for some light-hearted, competitive fun.

The feedback post event has been truly amazing, I can't recommend the virtual quiz enough, we will definitely be holding another one during lock down!

I just wanted to say a thank you for the huge part you played in making today's event such a success. Dara was a great choice of host and how you pulled this off in two weeks is incredible.

As always, it was really lovely to work with you on this event, albeit virtually and I'm looking forward to the next!
